* *The degree candidates listed in this program were applicants for degrees as of May 9, 2008. The deans of the University's schools will make any needed changes in awarding the diplomas. The August 2007 and January 2008 degree recipients precede the listing of the May 2008 degree candidates in each section.*

Finals Speaker

Hunter R. Rawlings III

Hunter R. Rawlings III is a respected national leader in higher education. He served as the president of Cornell University from 1995 through 2003 and again as interim president in 2005 and 2006. He was also president of the University of Iowa from 1988 through 1995. A native Virginian, Mr. Rawlings has served two appointments as a visiting University Professor in classics at the University of Virginia. He remains a professor of classics and history and president emeritus at Cornell University.

Mr. Rawlings has served as chairman of the American Association of Universities (2002-03), chairman of the Council of Ivy League Presidents (2001-03), and chairman of the Council of Ten, Presidents and Chancellors of the Big Ten Conference (1994-95). He is currently chairman of New York State Commission on Higher Education.

Mr. Rawlings was graduated from Haverford College with honors in classics in 1966, then earned a Ph.D. from Princeton University in 1970. He joined the faculty at the University of Colorado at Boulder, rising to full professor in just 10 years. In 1984, he was appointed vice president for academic affairs and research and dean of the graduate school at Colorado, where he remained until becoming Iowa's president in 1988. He was elected a fellow of the American Academy of Arts and Sciences in 1995.

Academic Recession, *The Good Old Song*

We request that the audience remain in place until the academic recession has passed. The presentation of diplomas will follow at the locations noted in this program. Degree candidates who do not receive their diplomas at school or departmental ceremonies may receive them at the Office of the University Registrar in Carruthers Hall after 2 p.m., Monday, May 19.

A History of Final Exercises at the University of Virginia

by Raymond C. Bice, *Professor Emeritus*

So astute was Mr. Jefferson in determining the basic educational policy for the University of Virginia that the policy has seen very little change in the University's 189-year history. The colorful ceremony you will see today, however, would not have been held under Thomas Jefferson's original plan, which did not provide for degrees and diplomas. Although the early students of the University were highly respected for their knowledge, some of them petitioned the Board of Visitors for diplomas to improve their opportunities for employment.

Out of deference to the founder, the board took no action on these requests during Jefferson's lifetime, but fifteen months after his death, it changed the policy and directed that plans be laid for the first "Public Day" (commencement). In July 1829, the first Public Day was held in the Dome Room of the Rotunda. The program was very long, and it included orations by students. By 1848, the program began with a procession led by students and involved a single address by a prominent person.

Public Day was held in the Dome Room until the Rotunda annex was completed in 1853. It was then held in the public hall of the annex until the Rotunda and the annex burned in 1895. When Cabell Hall was completed in 1898, the Public Day programs were held in its auditorium. President Alderman's inauguration in 1905 brought about the more formal procession as seen today. It is now led by a faculty grand marshal.

When the McIntire Amphitheatre was completed in 1921, it became the site for the final exercises. A sudden drenching rainstorm disrupted the 1949 ceremony, sending the soaked graduates and guests into any shelter they could find. The threat of sudden storms and the increased number of graduates caused President Colgate Darden to declare that the 1952 ceremony would be the last to be held in the amphitheatre. Since then, Finals have been held on the Lawn except in bad weather.

Even when the ceremonies were held in the amphitheatre, the participants marched from the Rotunda, down the Lawn to the site of the ceremony. Students have long considered it a high privilege to have the opportunity to walk down the Lawn at Finals, and today's students place an even greater importance on this privilege. So important to many of them is the ceremonial walk down the Lawn, that a number of students, cheated out of a ceremony on the Lawn by bad weather, "confirm" their graduation by processing down the Lawn after Finals.

Through 1961, the president conferred the degrees and handed each recipient a diploma. By this time, graduates numbered in the thousands. The ceremony had become much too lengthy and the logistics too complex. Beginning in 1962 and continuing today, degrees are conferred in a main ceremony by the president. Degree recipients and their guests then reassemble later in "diploma ceremonies," where the diplomas are presented to the graduates by the deans.

The Academic Procession

The Procession

The academic procession is led by the grand marshal of the University bearing the official silver and ebony mace. Most of the processioners wear the academic costume accepted by a majority of the principal institutions of higher learning in the United States, though certain academic officials, such as the rector of the University, wear particular costumes indicative of current office. The processional order is listed below.

The Gown

The processional gown is usually black; the design of the sleeves denotes the type of degree being conferred. The bachelor's sleeve is long and pointed. The master's sleeve has squared ends, with the arc of a circle near the bottom and a slit for the arm near the elbow. The doctoral sleeve is bell-shaped with three velvet bars. The doctoral robe has full-length velvet panels in front, either black or a color that symbolizes the wearer's field of learning.

The Hood

A separate ornamental fold hangs down the back of the gown, and its lining carries the colors of the college or university granting the degree (for the University of Virginia, orange and blue). An outside band of velvet varies in width according to the degree: two inches for bachelor's degree, three for the master's, and five for the doctorate. The color of the band and other velvet on the doctoral hood symbolizes the field of learning (such as dark blue for philosophy). The length of the hood also varies with the level of the degree: bachelor's, three feet; master's, three and one-half feet; and doctorate, four feet. Bachelor's and master's degree candidates often do not wear their hoods.

The Cap

The cap is usually the black mortarboard, decorated with a tassel. Gold tassels may be worn by holders of doctoral degrees, and some master's tassels are white. Generally, the colors of the tassels represent the principal fields of learning and are described below.

Processional Order of Degree Candidates

Biomedical Engineering

Christopher Richard Anderson, Avon Lake, OH. B.S., Bucknell University, M.S., University of Virginia. Dissertation: *Cellular Regulation and Functional Significance of Differential CD36 Expression during Angiogenesis.*

John Christopher Chappell, Richmond, VA. B.S. and M.S., University of Virginia. Dissertation: *Micro vascular Remodeling in Ischemic Mouse Skeletal Muscle Exposed to Ultrasonic Micro bubble Destruction: An Investigation of Mechanisms and Therapeutic Delivery.*

Michael Ingram Fuller, Williamsburg, VA. B.S. and M.S., University of Virginia. Dissertation: *Integrated Circuit Design for Low-Cost, Pocket Sized, C-Scan Medical Ultrasound Imaging.*

Chemical Engineering

Jin Li, China. B.E., Tianjin University, M.S., University of Virginia. Dissertation: *Experimental Studies of Nanoclay Structure in Dispersions and Polymer Solutions.*

Emily Belcher Schirmer, South Charleston, WV. B.S., University of Delaware, M.S., University of Virginia. Dissertation: *Protein Adsorption and Diffusion in Charged Agarose Gels.*

Yunzhi Xiao, China. B.E. and M.S., Tsinghua University, M.S., University of Virginia. Dissertation: *Development and Application of a Four-State Model of Protein Unfolding and Adsorption during Hydrophobic Interaction Chromatography.*

Computer Science

Florin Ciucu, Charlottesville, VA. B.S., University of Bucharest, M.S., George Mason University. Dissertation: *Scaling Properties in the Stochastic Network Calculus.*

Jeremy Wayne Sheaffer, Lancaster, PA. B.S., Millersville University, M.S., Temple University. Dissertation: *Physical Challenges in Reliable Graphics Hardware Design.*

Gang Zhou, China. B.S. and M.E., Nanjing University, M.C.S., University of Virginia. Dissertation: *Taming the Sensor Networking Challenges.*

Electrical Engineering

Chen Chen, China. B.S., Tsinghua University, M.S., University of Virginia. Dissertation: *Fabrication of Magnetic Nanostructures using Electron Beam Lithography and Focused Ion Beam Lithography.*

Matthias Max Glauser, Sweet Briar, VA. Diploma and M.S., Swiss Federal Institute of Technology. Dissertation: *Control of a Partial Body Weight Support Rehabilitation Device.*

Bing Li, China. B.S., Peking University, M.S., University of Virginia. Dissertation: *Image Segmentation Using Vector Field Convolution Active Models with Poisson Inverse Gradient Automatic Initialization.*

Xiaowei Li, China. B.S., Wuhan University, M.S., Chinese Academy of Sciences. Dissertation: *Terahertz Spectroscopy of Biomolecules.*

Jonathan Charles Schultz, Ocean Township, NJ. B.S., New Jersey Institute of Technology, M.S., University of Virginia. Dissertation: *Superconducting Hot Electron Bolometer Terahertz Mixers and Related Technologies.*

Erkin Seker, Turkey. B.S., Virginia Polytechnic Institute and State University, M.S., University of Virginia. Dissertation: *Microfabrication and Characterization of Nanoporous Gold Structures.*

Engineering Physics

Peng Zhou, China. B.S. and M.S., Tsinghua University. Dissertation: *Modeling of Intermediate Phase Growth in a Binary System under the Influence of Electromigration.*

Systems Engineering

Roy Rogers Creasey, Jr., Farmville, VA. B.S., Virginia Military Institute, M.E., University of Virginia. Dissertation: *Development of Sequential Procedures for Comparing a Simulation Output to a Limit Standard.*

Matthew Haven Henry, Clemson, SC. B.S., University of Virginia, M.S., University of Michigan at Dearborn. Dissertation: *Minimax Envelopes for Total Cyber Risk Management in Process Control Networks.*

Nilesh N. Joshi, India. B.E., Nagpur University, M.E. and M.B.A., University of New Mexico. Dissertation: *Diversification Methods for Infrastructure Systems Optimization with Application to Risk-Based Transportation Planning.*

Charles Donald Robinson, Charlottesville, VA. B.S., Hampden-Sydney College, M.S., University of Virginia. Dissertation: *Generalized Tessellation Based Design and Analysis of Computer Experiments with Manifold Input Spaces.*

Zhenyu Yan, China. B.S. and M.E., Wuhan University. Dissertation: *Risk Assessment and Management*

of Complex Systems with Hierarchical Analysis Methodologies.
